

Hello and welcome to the demo for the Q-Plex Pneumococcal kits.

If you're brand new to the Q-View Software and want to see what a complete data analysis looks like check out the file labeled "Pneumococcal 14p and 9P - Complete".

For a hands-on walkthrough of how data analysis works in the Q-View Software navigate to the folder labeled "Q-View Software Tutorial".

Enjoy the demo and if questions come up don't hesitate to reach out to the Customer Success Team at sales@quansysbio.com or the Technical Support team at support@quansysbio.com.
